Deal Involving Clift House Corner Awaits Arrival of Jake Shubert.

OPTION HELD BY LOCAL MEN

Lease on Lyric Has Proven Satisfactory Although Facilities Are Not Up to Date.

Salt Lake is to have one of the finest theaters in the country, if the plans of the Shubert syndicate bear fruit. The Shuberts have an option on the old Clif hotel, at the northwest corner of Mata and Third South streets, and the completion of the deal only awaits the arrival of Jake Shubert, who is due to be in Salt Lake at any minute. The option on the Clift hotel property is held now by Frank Knox, president of the National Bank of the Republic, and G. S. Holmes. It is understood that

G. S. Holmes. It is understood that they are acting for the Shuberts.

The Shubert lease of the old Lyric theater building extends until May, 1910, and the conditions of the lease on what is considered one of the most valuable business properties of the city are that, if the amusement business warrants it, there will be a great investment on this corner, and that one of the linest play houses in the United States will grace the middle of Salt Lake's "Great White Way." The opening of the old Lyric as "The Shubert" with the "Gay Musician" on the bill of fare, has brought record breaking crowds and there is no question but that the Shuberts will take up their option and erect a great building on Third South and Main streets, with an up-to-date theater as the basis, and offices as a side issue.

DEAL IN CONTEMPLATION.

Frank L. Bacon, local manager of the Shubert interests, said this morning that the deal was in contemplation, but that other that other sites were under considera-tion. He said that the matter would be closed upon the arrival of Jake Shubert and that the Shu-bert interests would either move from the present location or remodel the whole property. There have been propestions made to the owner of the old Lyric, but there has been no disposition on his part to sell. This has forced the Shuberts to look for another location and they settled on the Clift hotel property.

The stage of the Lyric, now occupied by Shubert, is entirely inadequate to the presentation of a big play. The scenery of the opening engagement was found to be too large for the accommodations and stagings were borrowed from other local play houses. The large company which has been working during the past week has been hampered through lack of proper back grounds, and, although it has had the standing room sign out all the time, the best results have not been obtained.

"Sait Lake is one of the best cities in the country as a theater center," said Mr. Bacon today "It is lacking in a first class play house where the best of plays may be presented. It is the aim of the Shuberts to remedy this and before another year has gone by the city will have an up-to-date theater which will compare favorably with any property.

The stage of the Lyric, now occupied

compare favorably with any in the land."

The patronage of the new playhouse

MODEL CAFETERIA FOR DESERET NEWS ANNEX

Local caterers and business men are equipping a modern and sanitary eating place in the Deseret News Annex building, at 17 west South Temple street. The place will be conducted on the cafeteria plan. The ground floor of the Annex building has been remodeled in order that every convenience might be enjoyed by patrons. Modern laws of sanitation have been adhered to in fitting up the kitchen and pantry. The new cafeteria will be opened to the public at 11:30 a. m. Wednesday, Nov. 24.

PARK CITY HIGH DEFEATS INSTITUTE

On Cummings field this morning before a fair sized crowd of football enthusiasts, the Park City high school team defeated the Collegiate Institute eleven 3 to 6. The score was made in the second half by a place kick made by Capt. Woods, fullback for Park City.

The teams were pretty evenly matched and put up a real good game. No score was made in the first half but the ball was on the Collegiate territory most of the time. The second half consisted mostly of punting, each side trying desperately to score. The field was muddy and the ball was hard to handle. Park City showed to better advantage and had the better of the argument throughout. The halves were 20 and 15 minutes. Tille Cieson was referee and Carmichael, umpire. The teams lined up as follows:

as follows:	
Institute.	Park City.

Fine home confections will be sold by several of the ward belles. Come one, come all, and enjoy the evening me all, and enjoy the evening

MACKAY ISSUES STATEMENT.

Declares Postal Is Not in Any Way Interested in Merger.

Supt. W. P. S. Hawk of the Postal Telegraph company with offices in this following item telegraphed him last night from New York:

following item telegraphed him last night from New York:

Clarence H. Mackay, president of the Mackay companies, issued the following statement to the public yesterday:

"We have had nothing to do, either directly or indirectly, with the combination of the American Telephone and Telegraph company with the Western Union Telegraph company. We have not wished to join it, and have not been invited to join it, and have not been invited to join it. There have been no negotiations whatsoever with us in regard to the matter and there is every reason why we should not have had anything to do with it. We knew nothing about it until the day when it was publicly announced. It is true that we own a large block of stock of the American Telephone and Telegraph company, but that is one of our many investments. We never have had and have not now any representative on the board of that company and our stock is not consulted or considered any more than the stock of any other stockholder, as you will see from the fact that we knew nothing about this deal until it was made public. The statement that Mr. William H. Baker represents us is incorrect. He does not represent us in anything in the slightest degree. Neither have we had anything to do with the purchase of the telephone company is slow and conservative in its investments, but swift and aggressive in its service. We are not disturbed in any way.

swift and aggressive in its service. We are not disturbed in any way.
"We have successfully met hard com "We have successfully met hard competition for over 25 years, and have prospered and are in first class financial condition, better than ever before. We have waited until this matter had simmered down so that we could make one statement covering the whole subject. As I stated several weeks ago, competition will continue and it will be real competition the same as here-tofore."

The above bears out just what Supt. W. P. S. Hawk of this city said in The News two days ago, on announcement through the Associated Press of the absorption of the Western Union by the "billion dollar trust."
